

**I Can Wear My Mask!**

**Coronavirus is a virus that's making people sick.**

**One way that I can help keep myself and others healthy is by wearing a mask.**

**My mask goes over my nose and mouth so  
that my germs do not spread to others.**

**It might feel funny at first, but the more I wear my mask the more comfortable it feels.**

**I wear my mask when I leave my house.**

**I can practice wearing my mask at home.**

**And I can practice putting my mask on my  
stuffed animals or dolls.**

**People that I love wear their masks.**

**I can wear my mask, too!**
