

**Why Do I Have to
Stay Home?**

**Coronavirus is a virus that is making
people sick.**

One of the ways that we can keep ourselves and others healthy is by staying home.

When we stay home, we do not spread our germs to others.

**When we stay home, other people cannot
spread their germs to us.**

Staying home is hard. I miss my family and friends.

I miss going to my favorite places.

**I will not have to stay home forever, just
until we are safe from coronavirus.**

**When I'm feeling sad about staying home, I
can talk to people I love.**

**When I miss my friends, I can talk to them
on the computer or on the phone.**

I can write letters to my friends and family.

**I can take pictures of the fun things I do
and send them to my friends.**

My friends can send me pictures too!

I can stay home and keep people safe.
